"Supporting families in the local community."

We believe a **strong community** starts with **strong families**. Our **unique whole family approach** works. We want to **help even more** young people & families, **with your help, we can.**

10 Years of Community Support

CHEXS is an **award winning Youth support charity** that was established in 2011 and still holds true to its core vision of a community of strong families working together to reach their goals.

CHEXS **Highly qualified Family Support Team** helps parents build strong, positive relationships and trust with their child using one to one support and various informative and inclusive workshops.

In turn, Our **trained and experienced Children and Young People Team** work with young people through our innovative **GROWTH Programme** with a variety of projects designed to build self-esteem, team-work, problem-solving and other tangible skills. The project uses coaching and goal building techniques to instill a sense of purpose, meaning and aspirations for the future.

NICOLE'S STORY

Nicole comes from a family with a history of domestic violence.

Her attendance at school was getting worse and she was finding it hard to keep up.

Nicole's father was arrested causing her even more distress. Her school referred her to CHEXS.

CHEXS enrolled Nicole onto the GROWTH programme. A 30 week bespoke course to help coach her to her goals.

Nicole benefitted from 1 to 1 coaching. Helping her to open up about her feelings.

With Nicole's confidence and happiness growing, her mum attends one of our Parenting courses.

Nicole and her siblings attended CHEXS holiday project too learning teamwork techniques and improving their self-esteem.

Nicole's confidence and attendance grew and her relationship with her mother improved hugely too.

"The children have really enjoyed working with CHEXS, even in this struggling year, it has been lovely!"

"Ideally in the future I would like to get an apprenticeship with CHEXS so that I can continue to develop my skills and then work with young people so that I can pass on what I have learnt with CHEXS."

CHILDRENS FEEDBACK

ALEXIA'S STORY

Alexia was experiencing bullying at school.

She began to get angry and lash out at her friends and family.

Alexia needed someone to talk to and CHEXS was there to listen.

She was enrolled on the CHEXS after school leadership program.

With Covid and lockdown, Alexia continued with our support and guidance virtually.

Even joining our virtual grow competition.

Alexia felt so much happier and listened to...

...and not only that, her self-confidence grew too.

"Thank you, it's great to know that someone cares about Alexia. Thank you for listening."

"I have found working with the young men and women at CHEXS to be very rewarding. Outside the school environment they often shine and surprise both themselves and their support staff with what they are able to achieve. These fine young people see that they can make better choices in life. They gain in both maturity and confidence through the activities we expose them to and it is such a pleasure to witness this transformation"

Each event will involve from 150 to 1500 participants and are based within the Waltham Cross / Cheshunt area bringing some great energy to our town and local community.
